

Post-Viewing Learning Journal Questions:

1. What human rights violations are highlighted when we look at human trafficking? You may need to think about the different types of trafficking that you learned about. What is being done to stop or prevent those abuses?
2. Do you think that victims can fully recover from the injustices and trauma that they have previously faced? Why? Why not? What can be done to assist them AFTER they are in a safe space?

3. Do you think that Human Trafficking is a global concern? If so, what target area would it fall under? Why should we care?

4. What will you remember most about this mini unit? Lastly, what do you still have questions about? What do you want to explore further?
